SCHEDULE 1
ITALIAN TAXATION

The statements herein regarding taxation are based on the laws in force in Italy as at the date of these Final Terms and are subject to any changes in law occurring after such date, which changes could be made on a retroactive basis. The following summary does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to subscribe for, purchase, own or dispose of the Securities and does not purport to deal with the tax consequences applicable to all categories of investors, some of which (such as dealers in securities or commodities) may be subject to special rules. Prospective purchasers of the Securities are advised to consult their own tax advisers concerning the overall tax consequences of their ownership of the Securities.

Tax treatment of the Securities

Legislative Decree No. 239 of 1 April 1996, as a subsequently amended, (the **Decree No. 239**) provides for the applicable regime with respect to the tax treatment of interest, premium and other income (including the difference between the redemption amount and the issue price) from Securities falling within the category of bonds (*obbligazioni*) or debentures similar to bonds (*titoli similari alle obbligazioni*) issued, inter alia, by non-Italian resident issuers.

Italian resident investors

Where an Italian resident Securityholder is (i) an individual not engaged in an entrepreneurial activity to which the Securities are connected (unless he has opted for the application of the risparmio gestito regime – see "Capital Gains Tax" below), (ii) a non-commercial partnership, (iii) a non-commercial private or public institution, or (iv) an investor exempt from Italian corporate income taxation, interest, premium and other income relating to the Securities, accrued during the relevant holding period, are subject to a withholding tax, referred to as "imposta sostitutiva", levied at the rate of 12.50 per cent. In the event that the Securityholders described under (i) and (iii) above are engaged in an entrepreneurial activity to which the Securities are connected, the imposta sostitutiva applies as a provisional tax.

Where an Italian resident Securityholder is a company or similar commercial entity or a permanent establishment in Italy of a foreign company to which the Securities are effectively connected and the Securities are deposited with an authorised intermediary, interest, premium and other income from the Securities will not be subject to imposta sostitutiva, but must be included in the relevant Securityholder's income tax return and are therefore subject to general Italian corporate taxation (and, in certain circumstances, depending on the "status" of the Securityholder, also to IRAP - the regional tax on productive activities).

Under the current regime provided by Law Decree No. 351 of 25 September 2001 converted into law with amendments by Law No. 410 of 23 November 2001, as clarified by the Italian Ministry of Economics and Finance through Circular No. 47/E of 8 August 2003, payments of interest in respect of the Securities made to Italian resident real estate investment funds established pursuant to Article 37 of Legislative Decree No. 58 of 24 February 1998, as amended and supplemented, and Article 14-bis of Law No. 86 of 25 January 1994 are subject neither to substitute tax nor to any other income tax in the hands of a real estate investment fund. However, Law Decree No. 112 of 25 June 2008, converted with amendments into Law No. 133 of 6 August 2008, has introduced a 1 per cent property tax applying on real estate investment funds' net value, where (i) their units are not expected to be listed on regulated markets and (ii) their equity is less than €400,000,000, if: (a) there are less than 10 unitholders, or (b) funds are reserved to institutional investors or are speculative funds and their units are held, for more than 2/3, by individuals, trusts or other companies referable to individuals.

If an investor is resident in Italy and is an open-ended or closed-ended investment fund (the **Fund**) or a SICAV, and the Securities are held by an authorised intermediary, interest, premium and other income accrued during the holding period on the Securities will not be subject to imposta sostitutiva, but must be included in the management results of the Fund or SICAV accrued at the end of each tax period, subject to an *ad-hoc* substitute tax applicable at a 12.50 per cent. rate.

Where an Italian resident Securityholder is a pension fund (subject to the regime provided for by article 17 of the Legislative Decree No. 252 of 5 December 2005) and the Securities are deposited with an authorised intermediary, interest, premium and other income relating to the Securities and accrued during the holding period will not be subject to imposta sostitutiva, but must be included in the result of the relevant portfolio accrued at the end of the tax period, to be subject to a 11 per cent. substitute tax.

Pursuant to Decree No. 239, imposta sostitutiva is applied by banks, SIMs, fiduciary companies, SGRs, stockbrokers and other entities identified by a decree of the Ministry of Economics and Finance (each an **Intermediary**).

An Intermediary must (i) be resident in Italy or be a permanent establishment in Italy of a non-Italian resident financial intermediary and (ii) intervene, in any way, in the collection of interest or in the transfer of the Securities. For the purpose of the application of the imposta sostitutiva, a transfer of Securities includes any assignment or other act, either with or without consideration, which results in a change of the ownership of the relevant Securities or in a change of the Intermediary with which the Securities are deposited.

Where the Securities are not deposited with an Intermediary, the imposta sostitutiva is applied and withheld by any entity paying interest to a Securityholder.

Early Redemption

Without prejudice to the above provisions, in the event that Securities having an original maturity of at least 18 months are redeemed, in full or in part, prior to 18 months from their issue date, Italian resident Securityholders will be required to pay, by way of a withholding to be applied by the Italian intermediary responsible for payment of interest or the redemption of the Securities, an amount equal to 20 per cent. of the interest and other amounts accrued up to the time of the early redemption.

Non-Italian Resident Securityholders

No Italian *imposta sostitutiva* is applied on payments to a non-Italian resident Securityholder of interest or premium relating to the Securities provided that, if the Securities are held in Italy, the non-Italian resident Securityholder declares itself to be a non-Italian resident according to Italian tax regulations.

Capital Gains Tax

Any gain obtained from the sale, early redemption or redemption of the Securities would be treated as part of the taxable income (and, in certain circumstances, depending on the "status" of the Securityholder, also as part of the net value of production for IRAP purposes) if realised by an Italian company or a similar commercial entity (including the Italian permanent establishment of foreign entities to which the Securities are connected) or Italian resident individuals engaged in an entrepreneurial activity to which the Securities are connected.

Where an Italian resident Securityholder is an individual not holding the Securities in connection with an entrepreneurial activity and certain other persons, any capital gain realised by such Securityholder from the sale, early redemption or redemption of the Securities would be subject to an imposta sostitutiva, levied at the current rate of 12.50 per cent. Securityholders may set off losses with gains.

In respect of the application of the imposta sostitutiva, taxpayers may opt for one of the three regimes described below.

Under the "tax declaration" regime (*regime della dichiarazione*), which is the default regime for Italian resident individuals not engaged in entrepreneurial activity to which the Securities are connected, the *imposta sostitutiva* on capital gains will be chargeable, on a cumulative basis, on all capital gains, net of any incurred capital loss, realised by the Italian resident individual Securityholder holding Securities not in connection with an entrepreneurial activity pursuant to all sales, early redemption or redemptions of the Securities carried out during any given tax year. Italian resident individuals holding Securities not in connection with an entrepreneurial activity must indicate the overall capital gains realised in any tax year, net of any relevant incurred capital loss, in the annual tax return and pay *imposta sostitutiva* on such gains together with any balance of income tax due for such year. Capital losses in excess of capital gains may be carried forward against capital gains realised in any of the four succeeding tax years.

As an alternative to the tax declaration regime, Italian resident individual Securityholders holding the Securities not in connection with an entrepreneurial activity may elect to pay the imposta sostitutiva separately on capital gains realised on each sale, early redemption or redemption of the Securities (the "*risparmio amministrato*" regime). Such separate taxation of capital gains is allowed subject to (i) the Securities being deposited with Italian banks, SIMs or certain authorised financial intermediaries; and (ii) an express election for the *risparmio amministrato* regime being punctually made in writing by the relevant Securityholder. The depository is responsible for accounting for *imposta sostitutiva* in respect of capital gains realised on each sale, early redemption or redemption of the Securities (as well as in respect of capital gains realised upon the revocation of its mandate), net of any incurred capital loss, and is required to pay the relevant amount to the Italian tax authorities on behalf of the taxpayer, deducting a corresponding amount from the proceeds to be credited to the Securityholder or using funds provided by the Securityholder for this purpose. Under the *risparmio amministrato* regime, where a sale, early redemption or redemption of the Securities results in a capital loss, such loss may be deducted from capital gains subsequently realised, within the same Securities management, in the same tax year or in the following tax years up to the fourth. Under the *risparmio amministrato* regime, the Securityholder is not required to declare the capital gains in its annual tax return.

Any capital gains realised by Italian resident individuals holding the Securities not in connection with an entrepreneurial activity who have entrusted the management of their financial assets, including the Securities, to an authorised intermediary and have opted for the so-called "*risparmio gestito*" regime will be included in the computation of the annual increase in value of the managed assets accrued, even if not realised, at year end, subject to a 12.50 per cent. substitute tax, to be paid by the managing authorised intermediary. Under the *risparmio gestito* regime, any depreciation of the managed assets accrued at year end may be carried forward against increase in value of the managed assets accrued in any of the four succeeding tax years. Under the *risparmio gestito* regime, the Securityholder is not required to declare the capital gains realised in its annual tax return.

Any capital gains realised by a Securityholder which is a Fund or a SICAV will be included in the result of the relevant portfolio accrued at the end of the tax period, to be subject to the 12.50 per cent. substitute tax.

Any capital gains realised by a Securityholder which is an Italian pension fund (subject to the regime provided for by article 17 of the Legislative Decree No. 252 of 5 December 2005) will be included in the result of the relevant portfolio accrued at the end of the tax period, to be subject to the 11 per cent. substitute tax.

Capital gains realised by non-Italian resident Securityholders from the sale, early redemption or redemption of the Securities are not subject to Italian taxation, provided that the Securities (i) are transferred on regulated markets, or (ii) if not transferred on regulated markets, are held outside Italy.

Inheritance and gift taxes

Pursuant to Law Decree No. 262 of 3 October 2006 (**Decree No. 262**), converted into Law No. 286 of 24 November 2006, the transfers of any valuable asset (including shares, bonds or other securities) as a result of death or donation are taxed as follows:

- (i) transfers in favour of spouses and direct descendants or direct ancestors are subject to an inheritance and gift tax applied at a rate of 4 per cent. on the value of the inheritance or the gift exceeding EUR 1,000,000;
- (ii) transfers in favour of relatives to the fourth degree or relatives-in-law to the third degree, are subject to an inheritance and gift tax applied at a rate of 6 per cent. on the entire value of the inheritance or the gift. Transfers in favour of brothers/sisters are subject to the 6 per cent. inheritance and gift tax on the value of the inheritance or the gift exceeding EUR 100,000; and
- (iii) any other transfer is, in principle, subject to an inheritance and gift tax applied at a rate of 8 per cent. on the entire value of the inheritance or the gift.

Transfer Tax

Article 37 of Law Decree No 248 of 31 December 2007 (**Decree No. 248**), converted into Law No. 31 of 28 February 2008, published on the Italian Official Gazette No. 51 of 29 February 2008, has abolished the Italian

transfer tax, provided for by Royal Decree No. 3278 of 30 December, 1923, as amended and supplemented by the Legislative Decree No. 435 of 21 November, 1997.

Following the repeal of the Italian transfer tax, as from 31 December 2007 contracts relating to the transfer of securities are subject to the registration tax as follows: (i) public deeds and notarized deeds are subject to fixed registration tax at rate of EUR 168; (ii) private deeds are subject to registration tax only in case of use or voluntary registration.

EU Savings Directive

Under EC Council Directive 2003/48/EC (**EU Savings Directive**) on the taxation of savings income, Member States, including Belgium from 1 January 2010, are required to provide to the tax authorities of another Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to an individual resident in that other Member State or to certain limited types of entities established in that other Member State.. However, for a transitional period, Belgium, Luxembourg and Austria are instead required (unless during that period they elect otherwise) to impose a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-EU countries and territories including Switzerland have agreed to adopt similar measures (a withholding system in the case of Switzerland).

On 15 September 2008 the European Commission issued a report to the Council of the European Union on the operation of the EU Savings Directive, which included the Commission's advice on the need for changes to the Directive. On 13 November 2008 the European Commission published a more detailed proposal for amendments to the Directive, which included a number of suggested changes. The European Parliament approved an amended version of this proposal on 24 April 2009. If any of those proposed changes are made in relation to the Directive, they may amend or broaden the scope of the requirements described above.

Implementation in Italy of the EU Savings Directive

Italy has implemented the EU Savings Directive through Legislative Decree No. 84 of 18 April, 2005 (**Decree No. 84**). Under Decree No. 84, subject to a number of important conditions being met, in the case of interest paid to individuals which qualify as beneficial owners of the interest payment and are resident for tax purposes in another Member State, Italian qualified paying agents shall not apply the withholding tax and shall report to the Italian Tax Authorities details of the relevant payments and personal information on the individual beneficial owner. Such information is transmitted by the Italian Tax Authorities to the competent foreign tax authorities of the State of residence of the beneficial owner.

ANNEX

TERMS AND CONDITIONS OF THE NOTES

This Series of Notes is issued pursuant to an Agency Agreement containing the Terms and Conditions (the "**Conditions**") of the Notes dated 2 March 2009 (the "**Agency Agreement**") between Deutsche Bank Aktiengesellschaft ("**Deutsche Bank**" or the "**Issuer**") and Deutsche Bank Aktiengesellschaft acting through its London Branch as fiscal agent (the "**Fiscal Agent**", which expression shall include any successor fiscal agent thereunder) and the other parties named therein. The Securityholders and Couponholders are entitled to the benefit of the Deed of Covenant (the "**Deed of Covenant**") dated 2 March 2009 and made by the Issuer. The original of the Deed of Covenant is held by the common depository of the Clearing Systems.

§ 1

CURRENCY, DENOMINATION, FORM, CERTAIN DEFINITIONS

- (1) *Currency and Denomination.* This Series of Notes (the "**Securities**") of the Issuer acting through its London Branch is being issued in EUR (the "**Specified Currency**") in the aggregate principal amount of up to EUR 250,000,000 (in words: two hundred and fifty million Euros) in a denomination of EUR 1,000 (the "**Specified Denomination**").
- (2) *Form.* The Securities are being issued in bearer form and on issue will be represented by one or more global Securities (each a "**Global Security**").
- (3) *Temporary Global Security – Exchange.*
 - (a) The Securities are initially issued in the form of a temporary global security (a "**Temporary Global Security**") without coupons. The Temporary Global Security will be exchangeable for a permanent global security (the "**Permanent Global Security**") without interest coupons. The Temporary Global Security shall be delivered on or prior to the original issue date of the Securities to a common depository (the "**Common Depository**") for the Clearing Systems. Whilst any Security is represented by a Temporary Global Security, payments of principal, Interest Amount and any other amount payable in respect of the Securities due prior to the Exchange Date (as defined below) will be made against presentation of the Temporary Global Security only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of interests in such Security are not U.S. persons or persons who have purchased for resale to any U.S. person, as required by U.S. Treasury regulations, has been received by the relevant Clearing System and the relevant Clearing System has given a like certification (based on the certifications it has received) to the Fiscal Agent.
 - (b) The Temporary Global Security shall be exchangeable (free of charge) upon a request as described therein, on and after the date (the "**Exchange Date**") which is forty days after the Temporary Global Security is issued, for interests in the Permanent Global Security against certification of beneficial ownership as described above unless such certification has already been given.
 - (c) The holder of a Temporary Global Security will not be entitled to collect any payment of interest, principal or other amount due on or after the Exchange Date unless, upon due certification of beneficial ownership, exchange of the Temporary Global Security for an interest in the Permanent Global Security is improperly withheld or refused.
 - (d) The Permanent Global Security will be exchangeable (free of charge), in whole but not in part, for individual Securities in the Specified Denomination in definitive form ("**Definitive Securities**") with coupons for the payment of Coupon Amounts ("**Coupons**") attached only upon the occurrence of an Exchange Event. For these purposes, "**Exchange Event**" means that (i) an

Event of Default (as defined in § 9) has occurred and is continuing, (ii) the Issuer has been notified that the Clearing Systems have been closed for business for a continuous period of fourteen days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no successor clearing system is available or (iii) the Issuer has or will become subject to adverse tax consequences which would not be suffered were the Securities represented by the Permanent Global Security in definitive form. The Issuer will promptly give notice to Securityholders in accordance with § 12 if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, the relevant Clearing System (acting on the instructions of any holder of an interest in such Permanent Global Security) may give notice to the Fiscal Agent requesting exchange and, in the event of the occurrence of an Exchange Event as described in (iii) above, the Issuer may also give notice to the Fiscal Agent requesting exchange. Any such exchange shall occur not later than forty-five days after the date of receipt of the first relevant notice by the Fiscal Agent.

- (4) *Clearing System.* The Temporary Global Security and the Permanent Global Security will be held by a common depository by or on behalf of a Clearing System until, in the case of the Permanent Global Security, all obligations of the Issuer under the Securities have been satisfied. The Issuer hereby irrevocably waives any objection which it may have now or hereafter to the laying of the venue of any such Proceedings in any such court and any claim that any such Proceedings have been brought in an inconvenient forum and hereby further irrevocably agrees that a judgment in any such Proceedings brought in the English courts shall be conclusive and binding upon it and may be enforced in the courts of any other jurisdiction.

Nothing contained in this § 15 shall limit any right to take Proceedings (including any Proceedings relating to any non-contractual obligations arising out of or in connection with the Securities and the Coupons) against the Issuer in any other court of competent jurisdiction, nor shall the taking of Proceedings in one or more jurisdictions preclude the taking of Proceedings in any other jurisdiction, whether concurrently or not.
