If such value is not determined within 140 business days following the occurrence of the Credit Event, or in the other cases specified in the Final Terms, the Recovery Rate will be determined by the Calculation Agent following the application of the Quotation Dealer Method. Please refer to the provisions of the Final Terms for further details.

- For information purposes, the Author makes available, free of charge and upon request, financial parameters relating to the creditworthiness of the Reference Entity. The Author may be contacted at the telephone number indicated above.

Key risks that are specific to the guarantor :

Due to Société Générale's role as guarantor and counterparty to the Issuer's hedging transactions, investors are essentially exposed to Société Générale's credit risk and have no recourse against the Issuer in the event of the Issuer's default.

WHAT ARE THE KEY RISKS THAT ARE SPECIFIC TO THE SECURITIES?

The investor bears the risk of total or partial loss of the amount invested at redemption of the Certificates on the maturity date or the event the Certificates is sold by the investor before that date.

Although it is subject to market making agreement, the liquidity of the product may be affected by exceptional circumstances that make it difficult to sell the product or at a price that results in a total or partial loss of the amount invested.

The market value of the Certificates depends on the evolution of market parameters at the time of exit (price level of the Underlying(s), interest rates, volatility and credit spreads) and may therefore result in a risk of total or partial loss on the amount initially invested.

Events unrelated to the Underlying(s) (e.g. change in law, including tax law, force majeure) may lead to early redemption of the Certificates and thus to total or partial loss of the amount invested.

Events affecting the Underlying(s) or hedging transactions may lead to adjustments, de-indexation, substitution of the Underlying(s), and consequently to losses on the amount invested, including in the case of capital protection.

If the currency of the investor's main activities is different from that of the product, the investor is exposed to currency risk, especially in the event of exchange controls, which may reduce the amount invested.

From a date that may be before their investment decision, certificateholders are exposed to events related to the creditworthiness of the reference entities. Upon the occurrence of such events, the redemption amount or the value of the assets received at maturity of the Certificates will be determined by reference to the debt value of such reference entities and may be (i) less than the invested amount and (ii) as the case may be, with no interest accruing from or before the date of occurrence of such events.

Redemption of the Credit Linked Certificates or as the case may be, notice that no amount is due under these certificates, may occur several months after the occurrence of the credit event, including several months after the Scheduled Final Exercise Date of the Certificates.

Questo prodotto è un certificato regolato dalla legge inglese.

Il prodotto offre all'investitore un'esposizione al rischio di credito dell'Entità di Riferimento. Tale prodotto è concepito per pagare un premio periodico e un rimborso a scadenza del capitale investito, entrambi legati al verificarsi o meno di un Evento di Credito sull'Entità di Riferimento. Il prodotto assicura una protezione del capitale solo a scadenza a condizione che durante la vita del prodotto non risulti verificato alcun Evento di Credito sull'Entità di Riferimento.

Il capitale investito sarà da considerarsi totalmente a rischio investendo in questo prodotto.

Le categorie di Eventi di Credito applicabili alle Entità di Riferimento sono: bancarotta; mancato pagamento e ristrutturazione. Di seguito si riporta una descrizione generale (non esaustiva) di tali Eventi di Credito, rinviando

per la definizione completa ai Termini e le Condizioni Aggiuntive dei Credit Linked Certificates inclusi nel Prospetto di Base.

- Bancarotta: l'Entità di Riferimento viene sciolta, liquidata, diviene insolvente o non in grado di pagare i propri debiti quando dovuti; approva un accordo globale con i creditori; è oggetto di procedura fallimentare, di bancarotta o altra procedura analoga; l'Entità di Riferimento è soggetta ad altri eventi con effetti analoghi a quelli precedenti;

- Mancato pagamento: l'Entità di Riferimento non paga i propri debiti (per un ammontare non inferiore a USD 1.000.000 o equivalente) quando dovuti (dopo la scadenza del "grace period" di volta in volta applicabile), in relazione ad importi presi a prestito (tra cui depositi o lettere di credito);

- Ristrutturazione: uno o più debiti (per un importo non inferiore a USD 10.000.000 o equivalente) dell'Entità di Riferimento sono oggetto di modifica a seguito di accordo tra l'Entità di Riferimento e i suoi creditori relativamente a uno o più termini del debito.

Premio condizionato

Ad ogni Data di Pagamento del Premio:

(1) Nel caso in cui non risulti verificato alcun Evento di Credito sull'Entità di Riferimento dalla Prima Data di Verifica dell'Evento di Credito (inclusa), si riceverà il 100% del

Premio.

(2) Nel caso in cui risulti verificato un Evento di Credito sull'Entità di Riferimento dalla Prima Data di Verifica dell'Evento di Credito (inclusa), non sarà corrisposto alcun premio né alla Data di Pagamento osservata né in nessun'altra data di pagamento successiva.

Liquidazione Finale

Alla Data di Scadenza, si riceverà un importo finale di liquidazione condizionato:

(1) Nel caso in cui non risulti verificato alcun Evento di Credito sull'Entità di Riferimento dalla Prima Data di Verifica dell'Evento di Credito (inclusa) e l'Ultima Data di Verifica dell'Evento di Credito (inclusa), si riceverà il 100% del Valore Nominale.

(2) Nel caso in cui risulti verificato un Evento di Credito sull'Entità di Riferimento dalla Prima Data di Verifica dell'Evento di Credito (inclusa) e l'Ultima Data di Verifica dell'Evento di Credito (inclusa), si riceverà il 100% del Valore Nominale moltiplicato per il Tasso di Recovery dell'Entità di Riferimento e si andrà incontro a una perdita totale o parziale del capitale investito.

Ulteriori Informazioni

- I Premi sono espressi come percentuale del Valore Nominale.

- Il Tasso di Recovery indica il tasso di rimborso delle obbligazioni con seniority pari alla "Seniority dell'Obbligazione di Riferimento", determinato ad esito dell'asta che dovrebbe essere a tal fine organizzata dall'ISDA o da altra associazione di riferimento. Se tale valore non è determinato entro i 140 giorni lavorativi successivi al verificarsi dell'Evento di Credito, o negli altri casi specificati nei Final Terms, il Tasso di Recovery sarà determinato dall'Agente di Calcolo (Société Générale) a seguito dell'applicazione del Quotation Dealer Method. Per maggiori dettagli si rinvia alle disposizioni dei Final Terms.

- A fini informativi, l'Ideatore mette a disposizione, gratuitamente ed a richiesta, parametri finanziari relativi al merito creditizio dell'Entità di Riferimento. E' possibile contattare l'Ideatore al numero telefonico sopra indicato.

- Il verificarsi di eventi straordinari potrebbe causare modifiche dei termini del prodotto o il suo rimborso anticipato. Ciò potrebbe comportare perdite sul capitale investito.

Rischi chiave specifici del garante

Considerando che Société Générale è garante e controparte delle operazioni di copertura dell'Emittente, gli investitori sono essenzialmente esposti al rischio di credito di Société Générale e non hanno ricorso nei confronti dell'Emittente in caso di inadempimento dell'Emittente.

QUALI SONO I RISCHI CHIAVE SPECIFICI DEI TITOLI?

L'investitore si assume il rischio di perdita totale o parziale dell'importo investito al rimborso dei Certificati alla data di scadenza o nel caso in cui i Certificati siano venduti dall'investitore prima di tale data.

Benché sia oggetto di impegni di market making, la liquidità del prodotto può essere influenzata dal verificarsi di circostanze eccezionali che potrebbero rendere difficile vendere il prodotto o comunque ad un prezzo che produce la perdita totale o parziale dell'importo investito.

Il valore di mercato dei Certificati dipende dall'evoluzione dei parametri di mercato al momento dell'uscita (livello dei prezzi dei Sottostanti, tassi di interesse, volatilità e credit spreads) e può pertanto comportare un rischio di perdita totale o parziale dell'importo inizialmente investito

Il verificarsi di eventi non legati al Sottostante (quali la modifica di previsioni di legge, inclusa la normativa fiscale, eventi di forza maggiore) possono determinare il rimborso anticipato dei Certificati e quindi la perdita totale o parziale dell'importo investito.

Il verificarsi di eventi relativi al Sottostante ovvero a operazioni di copertura può determinare la necessità di rettifiche, de-indicizzazioni, sostituzione del Sottostante, e di conseguenza a perdite del capitale investito, anche in caso di prodotti a capitale protetto.

Se la valuta di riferimento delle attività principali dell'investitore è diversa da quella del prodotto, l'investitore è esposto al rischio di cambio, in particolare in caso di controlli sul cambio, che potrebbero ridurre l'importo investito.

A partire da una data che può essere anteriore alla loro decisione di investimento, i portatori di Certificati sono esposti ad eventi relativi al merito creditizio delle entità di riferimento. Al verificarsi di tali eventi, l'importo di rimborso o il valore delle attività ricevute alla scadenza dei Certificati sarà determinato con riferimento al valore del debito di tali entità di riferimento e può essere (i) inferiore all'importo investito e (ii) a seconda dei casi senza interessi maturati a partire da o prima della data di accadimento di tali eventi

Il rimborso dei Certificati collegati al credito o a seconda dei casi l'avviso che nessun importo è dovuto in base a tali Certificati, può verificarsi diversi mesi dopo il verificarsi dell'evento di credito, o diversi mesi dopo la data di scadenza programmata dei Certificati.
